## SALESMANSHIP CONTEST PROVES PLEASANT AFFAIR

Was Third Event of the  
Kind Held By the  
School

Ohler's Section Winner

Program Was Varied and  
Interesting—Refresh-  
ments Served

On the second week of school our high school and 7th and 8th grades were offered the privilege of entering a salesmanship contest put on by the Curtis Publishing Co. We were all interested and all entered with good spirit.

The contest was very much different from any other year. The different teams were designated by colors and names, each having a captain and faculty manager. Dorsey Dodd was supreme.

The teams were Red, Green, and Orange.

The Red team selected the name Spark Plug. They won the contest by securing the greatest number of subscriptions. Their leader was Jack Ohler with Mr. Long as advisor.

The Greens chose the name of Sassy Susie. They were second in the contest. Their leader was Ethel Mantz, with Mrs. Schooley as advisor.

The Orange team chose the name of Barney Google, and was third in the contest. Their captain was Roger Brizendine with Mr. Quear and Mr. Kinnaman as advisors.

At the beginning of the contest it was agreed upon that the two losing teams were to entertain the winners at a Fun Fest planned out by the Curtis Publishing Co.

This provided that the losers were to furnish every thing needed in the Fun Fest and enter all contests with the right spirit. The boys were required to wash the dishes.

This was held Friday night, Oct. 3, at the school house.

The fun started when we entered the hall. At the door only one was admitted at a time and each one given a name of some animal. Then he was directed to the throne, where the king of the feast sat, Dorsey Dodd. There he had to imitate the animal whose name he was given.

After doing this he was permitted to join the ones who had already entered and laugh at the rest.

Then the ruler announced, after all had entered the hall, that there were nuts in hidden places about the hall and that they must hunt them and when found be sure and not pick them up, but stand there imitating the same animal as they did before until a captain came around and picked them up.

After all the nuts were gathered the captain having the most nuts was to share them with his team.

Jack Ohler had the greatest number so the Spark Plugs won again.

Next on the program was the 100 yard dash. Each entrant was given a string about 6 feet long and at a signal they all began to chew on the string.

Robert Abney won the race and was awarded a stick of chewing gum.

Next was the shot put, the shots being paper bags with air in them. Harold Whitsel was the winner and received an onion as a prize.

Next was a relay race. In this there were five girls and five boys standing opposite each other. Each was given a cracker and was to eat it and the winner was the one who could whistle first. The side finishing first won a package of crackers. The boys received this prize.

Following came a hurdle race. The entrants were lined up and chairs were placed on the floor. Then the entrants were blindfolded and then the chairs were

removed. At a signal they began to jump over what they thought was chairs. De Lores Tate and Arthur Whitacre were considered the best hurdlers.

A newspaper race was held in which Iola Wiles was winner. In a cock fight Edgar Frazier was an easy winner.

A pillow fight between Mr. Quear and Rev. Borders, who were both blindfolded, was not given a decision.

A standing high pump contest was held also. Doughnuts were suspended from strings and the entrants were to eat the doughnuts with their hands folded behind them. All were hungry but Robert Abney was the only one that succeeded in eating the doughnut.

The girls were given a chance to enter a shoe race but all refused.

Next was supposed to have been a milk bottle race or nursing race, but Mr. Quear showed that he was not a "bottle baby" by not getting the bottles and nipples and by making the milk, furnished by the Reds, disappear in a mysterious fashion.

In a football game, Kenneth Kirkpatrick was the star.

After so much good exercise all were hungry and the refreshments were served.

Hot chocolate, sandwiches and ice cream made up the menu, which tasted good after playing such a hard game of football.

All were well pleased and had a wonderful evening.

## MRS. SCHOOLEY IS A NEW TEACHER

Has Charge of the English  
and Latin Work—  
Other Notes

On the second Monday in September the doors of the school building opened for another school term. There were few new faces among the teachers.

The reins are still held by Mr. Quear, assisted by Mrs. Schooley and Mr. Long. Mr. Caylor is again instructor in music, having charge of the singing throughout the school and also the orchestra.

We feel that Fishers was fortunate in securing the services of Mrs. Schooley. Last year she taught at Rossville, and her work was a success. This year she wanted a position closer to Indianapolis and decided on Fishers. She is glad for the change and so are we.

A few changes were made in the course this year. The Freshmen are taking: Biology, English, Latin and Algebra.

The Sophomores are taking Algebra, Latin, English and History. The course for the Juniors includes, English, History, Algebra and Physics. English, Civics, Physical Geography and Physics are being offered to Seniors.

The first day was used in getting books and arranging a schedule. Since then things have been moving along nicely.

One of the outstanding features thus far is the attendance. Of the forty who were there the first day, twenty-seven have not missed a day and no one has missed more than two days. Four have entered since the first day. The following have not been absent: Blossom Beaver, Wilma Brizendine, Mary Edith Hamble, Kenneth Kirkpatrick, Ethel Mantz, Nina Nance, Robert Abney, Mabel Askren, Roy Cain, Addison Harrison, Jack Ohler, Byron Clark, Lois Clinton, Dorothy Emery, Howard Flanders, Forest Garboden, Robert Johnson, Alice Ringer, Mildred Whelchel, Carwon Cain, Cleo Gibson, Mabel Hamble, Mary Harrison, Anna Howe, Theodore Johnson, Dallas Miller, Fometa Randal.

The Sophomores have the record for attendance, their percent being 99.5. The Seniors suffered the loss of two of its members. We miss the faces of Sylvia and Gladys. We hope they are thinking straight. Another missing face is that of "Big Chief." We wish for Gerald that he might help us take a few scalps.

## SENIOR CLASS CONTRACTS FOR A LYCEUM COURSE

Four Numbers of High  
Class Entertainment  
In Prospect

Season Tickets For \$1.00

The Poors Will Present  
the First Number,  
Oct. 21st

The Senior Class of the Fishers High School has contracted for three numbers of high class entertainment from the Brown Lyceum Bureau, St. Louis, Mo. The school is going to add another number to this entertainment and sell season's tickets to the four numbers for \$1.00.

You may feel this is too cheap for high class entertainment but we are trying to make this entertainment beneficial to the community and are making the price such, that no one can afford to miss a number.

Season tickets for children of school age, fifty cents; under school age, free with parents.

If for any reason after hearing the first number of the course you are dissatisfied we shall gladly refund your money. This is a program with a guarantee.

The Poors will present the first number on Tuesday evening, Oct. 21st. They give humorous character portrayals, instrumental numbers on chimes, banjo, piano, vocal solos and duets. The press notice says:

Mr. Poor hails from the Middle West and got many of his characters in the little town of which he

is quite descriptive. He is a marked success because his portrayals are from LIFE. Because he knows and loves them, and thanks to his consummate skill, he is able to portray character as an audience loves to see it done. Their biggest recommendation is the fact that much of their time is spent filling return engagements.

The Poors are a likable, friendly human pair of real artists. All their energy and attention focused on their work and with one ambition—to excel in the art of pleasing an audience. Mrs. Poor is a native of Boston, highly trained both as a soprano and as an entertainer, possessing a voice that causes comment from any audience.

## LOST TO LAWRENCE

Fishers Base Ball Team  
Defeated By Score of  
18 To 5

The Fishers High School baseball team lost to Lawrence, Friday, Oct. 3, by the score of 18 to 5.

Lawrence was rather worried for a while and seemed to be afraid of the cannon ball pitcher, Flanders.

The other players have vowed to play hard and help Flanders in their next game, which will be October 10, with Castleton.

The lineup for Fishers was as follows: Flanders, pitcher; Abney, catcher; Whitehel, first base; Miller, second; Garboden, third; Cain, Emery and Kirkpatrick, fielders. The officials were McGehy and Lyle.

Lost—One quart of milk; find-er return to the Reds.

## NOTICE!

All subscriptions to the Communicator are being mailed this term. If you haven't subscribed this will be the last copy you will receive. Better subscribe and not miss any papers.

## HALLOW'EEN PROGRAM

On Thursday night, October 30, at Noah's Ark Hall, Fishers, the Eastern Star will give a Halloween program, to which the public is invited. Everybody is asked to come masked.

A small admission fee will be charged to defray expenses of the entertainment.

Dialogues, minstrels, songs, stunts, etc., will be given after which a penny supper will be served.

Music will be given by the Fishers band.

## GIRLS GIVE A PROGRAM

On last Friday morning the fifth, sixth, seventh and eighth grades enjoyed an interesting program given by the girls of the two upper grades. The first number was a piano solo by Mary Castetter. A play entitled "Aunt Betsey's Beaux," was given. The final number was a song by the group, "That Wonderful Mother of Mine." The program was enjoyed by all and it is the intention of the pupils to have many more such occasions during the year.

## BETHLEHEM SCHOOL NOTES

Everything is lively at Bethlehem. School opened with fifty-one pupils. The boys and girls have organized basket ball teams. Mr. Thomas and Miss Ballard are the teachers.

## BASEBALL LEAGUE ADDS TO INTEREST

Games a Pleasant Feature  
of First Month's  
School

One of the things which has made the first month of school a pleasant one has been the baseball games. The first step was to secure a place large enough to accommodate the game. This was done by renting the use of a large meadow joining the school yard. To gain access to the field the boys built a stile. So eager were the fans to see the games that bleachers were not even asked for.

Mr. Quear and Mr. Long chose a team each. The Quear team was composed of the following: Quear, Kinnaman, Castetter, Q. Kirkpatrick, K. Kirkpatrick, Miller, Emery, Askren and Dodd.

The Long lineup was as follows: Long, H. Flanders, A. Flanders, R. Abney, Whitsel, R. Cain, C. Cain, Harrison, Garboden and Ray.

Castetter did the catching and Quear, Kinnaman, Q. Kirkpatrick, Miller and Castetter did the pitching for the Quear team.

A. Flanders and Abney did the catching and Long and H. Flanders did the pitching for the Long team.

Both sides agreed on Frazier as the most competent ump.

Each day at noon two or three innings were played and nine constituted a game.

The first game was close and exciting and was won by one lone point by the Long team.

The second game was one of those unaccountable balloon ascensions in which the Long team suffered a most humiliating defeat.

They came back strong in the third game and the score was tied in the sixth inning. However the Quears came back strong and won by a good margin. We are not printing the scores on account of lack of space.

Some of the interesting incidents:

1. A few balloon ascensions.
2. To see Howard when the ascension was on the other side.
3. To see the fence climbers when a Babe Ruth landed in the next field.
4. To hear Mr. Quear's excuses when he made a bad play.
5. To see Mr. Clark umpire.
6. To see Mr. Kinnaman throw his bat down.
7. To see Quenten catch a fly on the ear.
8. To see Clarence steal a base.
9. To see the pitchers fan Marion.
10. To hear Edgar laugh.
11. To see Mr. Kinnaman stop "hot ones."
12. To watch Robert Abney when he "over throws."
13. To see Jimmy Flanders throw off his glove.

We believe that athletics is for all real American boys and girls but we do not class it as of the greatest importance in the school work.

We firmly believe in good teams which consist of good, clean players, clean coaches, clean officials, clean and faithful spectators.

We take the field this year determined to be real winners if possible and good losers at all times. We as a team are out for the sport of the game, the honor for our school and not for personal honors whatsoever.

We do not consider our visiting guests as treacherous and dangerous enemies, but as friendly guests of real sportsmanship.

As such we shall treat them as we like to be treated when we are guests.

## It Is Made Up of Sixteen Girls and Eleven Boys

There are now twenty-seven pupils enrolled in the third and fourth grades. There are 16 girls and 11 boys.

Lillian and Alma Ford entered Sept. 30th, from School No. 51, Indianapolis.

Great interest is being shown in the library books distributed by the Carmel library. We hope to increase the interest in reading, and in a better class of literature.

Lula Flanders, Naomi Hankins and Ortha Davis were on the sick list, but have returned to school.

Cleo Madge had the misfortune to fall and break his left arm while going down steps on roller skates. He will probably be absent three weeks because of this accident.

The pupils have divided themselves into four groups and are planning to give the opening exercises each Wednesday morning. The fourth grade girls are planning to give the program Oct. 8; the fourth grade boys, Oct. 15; the third grade boys, Oct. 22; and the third grade girls, Oct. 29.

Probably a game will be played this week or in a few days. Klepfer or Highland will be the opponents. Four of last year's players, Whitesel, Emery, Miller and Hawkins were lost by graduation. Some of the teams to be played are as follows: Klepfer, Highland, Brooks, Atlanta, Cicero, McKay, Fortville, Clay Center and Bethlehem.

Nance, Kirkpatrick, Humes, Castetter, Dodd, Flanders, Brizendine, Askren and Garity are all fighting for first string positions.

## CHURCH NOTES

The annual Missionary Rally Day of the local church was held Wednesday at the church. An interesting program was given throughout the afternoon and evening with addresses by the minister and neighboring churches. At the conclusion of the afternoon program a special children's hour was conducted by Rev. Nickerson, of Noblesville, with the assistance of the pastors. A basket supper followed. The evening program was especially interesting, with an address on Laymen in Action, by Judge Hines, of Noblesville, and the showing of missionary pictures.

The second Quarterly Conference of the Fishers Circuit was held Sunday night at Fishers. The District Supt., Dr. Arnold, of Muncie, was present, and preached the sermon, followed by communion service. A business session followed. Reports made showed increased activity in all departments with Sunday school increases at each of the churches.

There will be a special service at the Fishers church next Sunday evening, Oct. 12th. This will be in charge of the Gospel Team from the Gray Friends Church, near Carmel. The members of the team will be accompanied by a part of the Gray church orchestra, and special music will be a feature of the service. This Gospel team has

engaged for a service last month but on account of a rain storm, the meeting was postponed. Everyone is invited to be present.

The men's quartette and the young ladies' quartette from the Cynthianne Christian Church have been invited to furnish special music for the regular Sunday evening service on October 19th. The pastor will preach.

From now until the last of October the pastor will be busy in making "World Service" collections. The World Service movement which is the missionary movement of the Methodist Church, has had good support from members of the Fishers congregation. Fall collections are to be made so that payment of pledges may be distributed throughout the year and thus be made easier.

The Ladies Sunday School Class will meet at the home of Mrs. Mart Castetter, Wednesday, Oct. 15. This will be the regular monthly social.

The True Blue Class of the Fishers church will hold its regular social evening at the home of Mrs. Paul Manship, Thursday night, October 16th.

## I WONDER

If Bill has gained control of his feet since Sunday evening.

If the telephones actually are in the hands of the receiver, "Hello Olio"?

Why the Seniors receive so many compliments.

If the milk evaporated or was it in the cocoa Friday evening.

If music was invented or discovered.

What has become of Mary Mansong birds.

If any enjoyment is received through second hand gossip.

Who the varsity five will be.

Why the red team in the contest was so anxious to get the nursing bottles and then not use them.

What has become of Many Manship.

If Donald Hollenback is still alive.

Why Charles Ray came back to F. H. S.

Why Arthur Whitacre quit Noblesville high school and returned to F. H. S.

Why Mr. Quear's memory is so short when Mr. Long talks.

The humid climate of Japan rapidly destroys steel unless it is incased in concrete.

## MUSIC NOTES

It is surely gratifying to the teachers of the school to notice the growing interest in music about the school. Mr. Caylor, teacher of music, is well pleased with the attitude of the pupils throughout the school and hopes to make some real progress this year. He is here on Tuesday and Thursday forenoons and any parent particularly interested in their child in music is welcome any day to visit classes and suggest how the work can be made better.

The orchestra will start on regular orchestra work in about three weeks. Just now the violin section is doing some special work with the hope of being able to play better in tune. The violin section is the most important and upon this section rests much responsibility as to the success of the orchestra.

Then, Fishers is to have a band. This is surely good news to all. It calls back memories of times when Fishers had a splendid band and now it is truly good news to learn that she is again to have a band. Many are enthused and looking after their instruments.

In due course of time no doubt Fishers will be proud of the efforts of their band and it will mean much to every resident of Fishers, wheth-

er they play an instrument or not, so let's get behind the move and push.

## HIGHLAND SCHOOL HAS 27 ENROLLED

Highland school has 27 students enrolled this year which is many more than last.

The teacher is Rosco Thomas of Lapel, who taught in the Boxley school last year.

The basket ball team seems to be much better this term and is reported playing in good form. They defeated Klepfer 16-8 Friday evening.

For Sale—Four good nursing bottles. Never been used. See the losers.

 After the program delicious refreshments were served, sandwiches, salad, coffee and pie. A very enjoyable evening of laughter and fun was had by all.

## I WONDER

If the boys that smell for melons on the ground can smell rocks in the air.  
 Why the Freshman girls make false appearances by using so much rouge.  
 If Bob Abney was really sick Friday night.  
 Why Mrs. Schooley didn't stay for the party.  
 What really did become of Dorsey's milk.

## NEWS FROM ROOM 1

The enrollment of Room 1 is twenty-seven. Nine in the first grade and eighteen in the second grade. We were very sorry to lose Edgar Long, of the first grade, who moved away. Mildred Ford entered school Tuesday from School 51 of Indianapolis.

The work is progressing smoothly though handicapped at first by lack of books.

The first grade has completed little booklets about "Our Garden," made in drawing class.

The new supplies were received with great interest by every one. The new library books have been very popular.

On the sick list this month were Violet West, Faye Cain and Lloyd Wallace.

Four-year-old Mary Kearn, of Dallastown, Pa., was vaccinated and nobody knew it until after it "took." Mary, while playing, fell and scraped her right knee. Viola, six, who recently had been vaccinated, took the bandage from her own arm to wrap up the wound on her younger sister's knee. Two days later her knee was swollen and the parents called in the family doctor, who found the vaccine on the bandage worn on Viola's arm had very satisfactorily vaccinated Mary.

Tarzan II, the largest wooden scow in the world, was launched recently at the Wallace shipyards at Vancouver. She is 1,000 tons burden and has 300,000 feet of British Columbia lumber in her makeup. The scow is to be used as a carrier for a great pile-driver.

### Basket Ball.

The basket ball bee is again beginning to buzz in and around Fishers as the Red Arrows, of last season have begun practice for their games for the coming season. The team is made up of the same players as were on the team last year. They are: Emery, Smith, R. Tate, Butz, Casteiter, Lowery, G. Tate, McComas, Seigmond, when they made such a favorable record, having won games from such teams as the Muncie Maroons, Broad Ripple, Joy Glooms, Zionsville, Carmel Celts, Noblesville T. N. T.s etc.

The team is composed entirely of home boys and graduates of Fishers high school and are a bunch of good clean sports in every way and a credit to any community. The first game scheduled is with Thom's T. N. T.s of Noblesville, a very good game is expected as Fishers had trouble winning over them last year. The game will be played at R. E. Harold's gymnasium Wednesday evening, Oct. 15th, at Fishers, Ind.
